

iWear® AV230 XL

Video Eyewear

www.vuzix.com

Connects to any video device and delivers a virtual display equivalent to a 44-inch screen viewed from 9 feet.

Watch your favorite movies and play video games in the privacy of your own virtual movie theater.

Plug and play!

The AV230 XL is a wearable display that transforms your small portable video player into a large, private, virtual 44" home theater. Worn like regular glasses, the AV230 XL includes separate focus adjustment for each eye and removable high-quality stereo earphones. A single removable AA battery affords up to 17 hours of viewing enjoyment.

For all Video Devices

iWear® AV230 XL
